COMMERCE BOARD IN FAVOR OF NEW HOTEL FOR VERNON

Members at Luncheon Yesterday Vote to Appoint Committee to Secure Subscriptions to Add to Outside Interest

Members of the local Chamber of Commerce at their first monthly luncheon Thursday noon at the Presbyterian church here voted unanimously to have a committee appointed from the organization to take subscriptions for the purpose of erecting a modern hotel building in Vernon. The money would be placed in the hands of local business men or bankers, who would deal with proper parties in the hotel business. Plans for the building would be worked out by the committee subject to the approval of the subscribers. The committee will be appointed immediately. Dr. Y. H. Babushin made the motion, which was seconded by R. H. Coffey.

In bringing the proposition before the meeting, R. M. Fielder, secretary of the Chamber of Commerce, stated that George E. Holt, prominent hotel man of Wichita Falls, and associates had presented a proposition to business men of Vernon whereby they would finance 60 per cent of the building of a hundred room, modern, fireproof hotel, if the citizens or other interests would take over the remaining 40 per cent. The hotel as planned, Mr. Fielder said, would cost approximately \$200,000, and would be constructed of reinforced concrete. R. H. Nichols, president of the Chamber of Commerce, called for a discussion of the proposal.

Mr. Coffey, T. A. Key, cashier of the Waggoner National Bank, and W. W. Anderson, local dry goods merchant, made short talks in favor of the project, and their views were expressed by a number of the members of the Chamber of Commerce. Mr. Coffey urged that the citizens of Vernon be made to realize that delay in a proposed enterprise of material advantage to a city often meant that the project would never be consummated. He was of the opinion that as quickly as possible and the building of the hotel started. He said that a modern hotel was one of the most vital needs of the city, and that whether or not it made much money for the stockholders immediately should be left out of the question as it would undoubtedly cause a general financial boost to the city and merchants generally.

Mr. Key declared that Mr. Holt was an excellent hotel man, who had years of successful undertakings behind him. He cited his work during the past number of years with three hotels in Wichita Falls, and said that under his management they had been paying propositions. He said that he had no doubt that whoever Mr. Holt interested in the financial end of a project for Vernon would be satisfactory, as his reputation was well known. He thought that with a soundly perfected organization the citizens of Vernon would subscribe readily.

The reputation of Mr. Holt as given by Mr. Key was verified by Mr. Anderson, who added that if Vernon is expected to get out of the country village class it must have a hotel equal to the situation.

The meeting at Frederick tomorrow for the discussion of a bridge over Red river between Oklahoma and Davidson was discussed, and the business men of Vernon urged to attend. There were about 40 members of the Chamber of Commerce present at the luncheon.

NEW AUTOMOBILE CONCERN NOW OPEN FOR BUSINESS

The Vernon Auto Exchange has opened up for business in the building occupied until last week by the Nash Agency on Pease street. The firm is composed of Bob Miller, Aubrey Adamson and Fain Jordan, all experienced men in the automobile business.

The company will sell new and used Fords and will wash and store cars. Mr. Miller and Mr. Jordan will continue to sell new Fords for the Napier Bros. Motor Company and will sell used cars at their place of business.

Small Fire Tuesday Night.
Fire discovered at 8:30 p. m. Tuesday in some straw in the barn of Cliff Jarvis on West Wanderers street was extinguished before any damage had occurred. The fire department answered the call and made quick work of the small blaze.

Fourth Oil Pool for County Is Believed Found in Levy Test on Waggoner Lands in Section 65

GULF PRODUCTION NO. 1 WAGGONER IN SECTION 50
BEING CLEANED OUT AND CASING SET
PREPARATORY FOR COMPLETION

What may prove a fourth oil pool for Wilbarger county and the second found this week seems a possibility, according to oil operators, from the J. B. Levy No. 1 Waggoner test in section 65, block 14, H. & T. C., which blew in this week and was flowing oil last night. This well is three miles east of the South Vernon field and two miles west of the Gulf Production Company No. 1 Waggoner, section 50, block 14, H. & T. C., which blew in early this week, marking what is believed the third pool for the county. Work is being done today on putting up a tank on the Levy lease and laying pipe lines preparatory to beginning production from the No. 1 well.

The Gulf Production well, which has been standing bridged over with a small gas pressure and some oil, is being cleaned out, and the 150 feet of hole left open when it blew in is being set with casing. Production of the two wells may begin early next week as soon as they can be completed.

The Key at No. 1 Waggoner, in section 37, block 14, east of the Gulf well, is drilling at 335 feet and being watched with interest. Consolidated Oil has made a location on the Waggoner lands in section 50, block 14, southeast of the Gulf well, 150 feet from the east line and half way north and south in the west 40

acres of the east 120 acres, and is moving on for a test to be drilled with a rotary.

Farther to the east the W. D. Wells No. 1 Waggoner, section 21, block 14, is drilling at 760 feet with a star rig, and Ruff-Weekly No. 1 Waggoner, section 11, block 14, is setting 8 1/4 inch pipe at 1,700 feet. Hoffer No. 1 Waggoner, section 59, block 4, encountered a line saturated with oil at 830 feet. J. B. Levy No. 1 Wheeler, section 56, block 4, is drilling at 1,400 feet.

The test on the Parker ranch in section 6, block 3, in the south part of the county is drilling past 1,575 feet.

In the north, the test on the Bettes farm near White City is drilling at 1,100 feet. The Texhoma So. 1 Covert, near Tolbert, is drilling past 1,000 feet and the Hamilton at No. 1 Kester, near Odell, is drilling at 1,850 feet, having completed a successful fishing job at 1,829 earlier in the week. A gas pocket was encountered in the Kester test just above 1,850 feet. The Waxwell Weekly No. 1 Morris is a derrick. The Hamilton at No. 1 Chas. Neal, near Odell, is ready to spud in. Locations are being made by the Texhoma-Holmes on the Flanken land near Tolbert and by Holmes & Freeman on the R. B. Richardson land near Fargo.

INSTALL OFFICERS AT LEGION DINNER

REPORTS OF PAST YEAR'S
WORK SHOWS LOCAL POST
ACTIVE ORGANIZATION

Between 60 and 70 members of the Albert E. Robinson post of the American Legion met in the King building here Tuesday night for a well arranged banquet and the installation of officers of the organization for the coming year. Judge James V. Leak, elected post commander, relinquished his right to this office to M. C. Culbertson, commander last year, until he is relieved of his duties as district judge.

Other officers installed were George Long, first vice commander; R. M. Bitner, second vice commander; S. A. White, third vice commander; Frank Hood, adjutant, and Earle Norwood, treasurer.

A report of the officers of the past year was heard and adopted. It was pointed out that the post has accomplished and is accomplishing a great deal for its members and other ex-service men in the county. Among the things accomplished, it was stated, between six and seven hundred applications for bonus were handled through the post.

George Darden, who had charge of the arrangements Tuesday night, was elected mess sergeant for the year.

ELABORATE STAGE SETTING FOR PLAY

SENIOR CLASS PREPARATIONS
FOR ANNUAL SHOW REACHING
PERFECTION

Preparations for the senior class play, "Happiness," to be held at the high school auditorium, March 6 are progressing well. Stage scenery is designed for the production and will be completed at an early date. Costumes said to be more elaborate than any ever shown on a stage in Vernon will be used. They will be furnished by some of the leading clothing stores of Texas. The cast is developing well under daily practice.

W. W. Cook, senior sponsor, who has had two seasons' experience playing with the Gene Lewis-Olga Worth stock company, is coaching the play. The company with which he was connected is hailed as the greatest dramatic stock company in this state, having played eight successive seasons at Cyclo Park in Dallas, and Mr. Cook is well fitted for taking charge of the high school production. His company is now playing in Memphis, Tenn., and is meeting with much success. "Happiness" was included in the repertoire of this company while Mr. Cook was connected with it, and he played the part of Ferny MacDonough, the leading character.

Owing to reports which indicate a large attendance, two performances of the show will be given. As it is usually understood that the first of a performance of this kind is the best, only a limited number of seats will be sold for the first showing on March 6. The date of the second showing will be announced later.

W. H. Brewer dies here Saturday. W. H. Brewer, 57, traveling salesman, died here Saturday following a brief illness. The remains were shipped to his home at Clarksville for burial Saturday night. Mrs. O. A. Greenwood, of Andover, Calif., accompanied the dead man, accompanied the body to Clarksville. He was an uncle of D. J. Brewer of this city.

WICHITA COYOTES DEFEAT HARROLD IN TIGHT CONTEST

Forced to Play Extra Five Minutes to Win Encounter by 29 to 24 Score—Rook and Ray Divide Honors for High Score

The strong Harrold basketball five left its scalp in Wichita Falls Tuesday night, when the Coyote team took its measure there 29 to 24, after the game had been forced into an extra five minutes of play because of a tied score. The contest was exciting throughout, and until the end speculation was still rife as to who would emerge the victor.

Rook, of Harrold, and Ray, of Wichita Falls, were tied for high score honors with five baskets each to their credit. B. Lynch also put out a good brand of game for Harrold, but with his brother was out of the brilliant players.

The removal of the Lynch brothers from the game seemingly spelled the defeat of the Harrold quint, for until that time the score was kept exceedingly close. Harrold led, 11 to 10, at the end of the first half, and during that period was always ahead by a small margin. The Coyotes, however, took the safe side soon after the second half began, and kept a point or two ahead of Harrold until the final stage, when rallying the Wilbarger county contenders knotted the score just before the whistle blew. During the extra five minutes of play, allowed to unravel the tangle, Harrold failed to score, and Wichita Falls raised its credit column five points.

Mrs. Henry Cobb Is Buried Monday In Tolbert Cemetery

Just an hour before midnight, Sunday, February 15, 1925, Mrs. Henry Cobb of Tolbert, departed this life. Some weeks before she was stricken with influenza. A few days later she contracted pneumonia. Her age and frailness made it impossible for her to overcome these diseases.

Before her marriage, Mrs. Cobb was Mary Ellen Smith. She was born September 26, 1859, in the State of Wisconsin near Milwaukee. She was married to Henry Cobb in the City of Wichita, Kansas, on the 23rd of December, 1877. Mr. and Mrs. Cobb moved to Wilbarger county, Texas, in 1889. In 1890 they moved to Tolbert. For the last thirty-five years they have made their home near that place.

Nine children were born to this union, six of these children are living, and all reside near Vernon, Texas.

Twenty-eight years ago Mrs. Cobb joined the Methodist church at Tolbert. She has ever since been faithful to her church and her God. She was a faithful and devoted mother, a true wife and a whole-hearted loyal friend. She was buried in the Tolbert Cemetery on Monday afternoon at 3:30 o'clock, February 16, 1925. Rev. P. E. Yarbrough, pastor of the Tolbert Methodist church, officiated at the funeral.

DELEGATION FROM CITY WILL ATTEND BRIDGE GATHERING

Meeting in Frederick Tomorrow to Discuss Construction of Bridge Over Red River Between Oklahoma and Davidson

Thirty or more persons, citizens of Vernon and Wilbarger county, will leave here tomorrow morning at eight o'clock in automobiles for the Red River bridge meeting at Frederick. Delegations from Matador, Paducah and Crowell have sent word that they will arrive in the city tonight and tomorrow morning early to accompany the Vernon delegation. Joe Burkett, of Eastland, member of the state highway commission, will also be in Vernon to leave with the local body.

Highway commissioners of Oklahoma, federal and state engineers, members of the Lee Highway Association from Washington, prominent bridge experts, and delegations from many towns in Texas and Oklahoma along the highway will also be present.

Harry Boyay, of Stuttgart, Arkansas, who has already built one bridge on the Lee highway, that spans the White River in Arkansas, will arrive in Frederick today with his engineers to make a survey of the proposed site of the bridge, according to word from Frederick, Dr. S. M. Johnson, general director of the highway, is also expected in that city today.

Discussion of plans for the meeting has occupied much of the time of members of the chambers of commerce of Vernon and Frederick. Yesterday the luncheon of the local commercial organization, and the need of the structure stressed. Plans for entertainment arrangements have been made by the Frederick board, and an interesting time assured.

It is proposed to build a concrete bridge over Red River between Oklahoma and Davidson establishing the last connecting link on the highway between New York City and San Francisco. It is hoped that a free bridge may be constructed in accordance with legislation in the Texas legislature, but this failing, plans will be devised whereby a toll bridge can be built with the understanding that it can be taken over at any time by the county, state or federal government for the cost of construction less depreciation. In either case, it is asserted, enough interest in the project has been manifested to assure its successful undertaking.

Managers of Massie's Stores Hold Annual Conference in Vernon

The annual meeting of managers of the L. J. Massie chain grocery stores of Texas and Oklahoma was held Tuesday in Vernon. The meeting closed with a banquet for the visitors at the White Rose Cafe.

Mrs. A. A. Honaker, who has been seriously ill for several days, is reported to be improving. Her sister, Mrs. A. J. Alldredge, and brother, Ed Meredith of Bonham and a son, S. S. Gaines of Dallas, have returned to their home. The relatives have been at her bedside for several days.

Wells-Guiberson Completion in South Field Making 400 Barrels McCamey-Sheerin Is Due Today

SOUTH VERNON OIL COMPANY STANDARDIZING
THEIR NO'S 6 AND 9 STEPHENS—NUMBER
OF NEW LOCATIONS BEING MADE

Another producing well was added to the South Vernon field Wednesday when the Wells-Guiberson No. 3 Waggoner in section 99, block 14, was brought in at 1,250 feet. This well is making around 400 barrels. The McCamey-Sheerin-Lucey No. 4 Stephens will be brought in in the shallow sand this afternoon. The oil sand was reached a little above the 1,300-foot level.

The South Vernon Oil Company's No. 6 and 9 Stephens, are being standardized to drill in at the 2,000-foot sand and may be brought in early next week. The company's No. 8 Stephens is on the sand at 2,000 feet ready to be standardized, while its No. 7 Stephens, now at 2,000 feet, is being rigged up to drill to the 2,275 or 2,400-foot sand. McCamey-Sheerin-Lucey are drilling on their No. 5 Stephens at 200 feet, No. 2 Stephens at 800 feet, No. 2 Richardson at 300, and No. 5 Richardson at 700 feet. They

have spudded in on their No. 11 Stephens, and are building four rigs on their Stephens lease.

The South Vernon Oil Company No. 14 Stephens, spudded in this week, and its No. 13 Stephens is rigging. The No. 14 test is one location west of the company's No. 12 Stephens and is offsetting the McCamey-Sheerin-Lucey Richardson lease. The No. 13 is one location north of the No. 12 well, in the southeast corner of its Stephens lease in the northwest quarter of section 83, block 14, H. & T. C. This test is an offset to the McCamey-Sheerin-Lucey Stephens lease.

The record number of wells brought in last week are keeping up their production and interest in the field is high. Another week like last is hardly expected at any time soon, but the production of the field is expected to be materially increased when the wells ready to drill in are completed.

U. B. Caldwell Was Buried In East View Friday

Funeral services were held Friday for U. B. Caldwell, 66, who died the day before after a long siege of pneumonia. The services were conducted from the Church of Christ by Elder W. Don Hockaday, pastor of the church. Interment took place in East View cemetery.

Mr. Caldwell had been a resident of Vernon for several years and was janitor of the Parker school.

His wife died here suddenly, about a year ago.

He is survived by three children, a son, W. J. Caldwell of Tulsa, Okla.; and two daughters, Mrs. J. Frank Smith of Afton, Okla.; and Mrs. Mayes of Rocky, Okla. A brother, W. H. Caldwell was present for the funeral.

A. H. TEINERT RETURNS TO DIXON; DRY GOODS COMPANY

A. H. Teinert, who recently sold his interest in the dry goods business to his partner, T. M. O'Steen, accepted a position this week with the Dixon Dry Goods Company.

Mr. Teinert, before embarking in the dry goods business last year, had been with the Dixon Dry Goods Company for eleven years.

Mrs. Honaker Recovering.
Mrs. A. A. Honaker, who has been seriously ill for several days, is reported to be improving. Her sister, Mrs. A. J. Alldredge, and brother, Ed Meredith of Bonham and a son, S. S. Gaines of Dallas, have returned to their home. The relatives have been at her bedside for several days.

BEGIN WORK GIVING CITY MORE WATER

TWO NEW WELLS TO BE CON-
STRUCTED AT CITY LAKE
NORTHWEST OF TOWN

Preliminary work is expected to be begun this afternoon on the construction of two new wells at the city lake northwest of town. They will be built of reinforced concrete with a diameter of 16 feet each and a probable depth of 18 feet. They will be used in conjunction with the wells now at the lake, and are expected to increase the city water supply by about 50,000 gallons. Work on the construction may take from 30 to 60 days.

The work is to be done at the order of the city commission, which decided last week following a report and recommendations of A. J. Robinson, city engineer, at its regular meeting that an additional water supply was needed. There are six wells now located at the city lake of the size the two new ones will be. They furnish the city an approximate average of 150,000 gallons of water. In addition the city secures from between 200,000 and 250,000 gallons of water from the 12 smaller wells at the power plant.

Movies of J. C. Penney Convention Here March 9th

Moving pictures were taken of the various activities of the great inspirational convention of the J. C. Penney Company which was held at Atlantic City, N. J., last month.

Officials and store managers, together with many of their wives, to the number of over nine hundred from 41 States, attended what is said to have been one of the most notable gatherings ever held by a single mercantile organization.

Among other interesting features of the convention, the cinematograph caught the Hon. William Jennings Bryan while delivering his dynamic address, "Be Thou a Blessing," before the great banquet on the closing evening. Mr. Bryan's address was broadcasted by station WPG, Atlantic City.

Manager C. R. Buchanan of the local J. C. Penney Company store, has arranged to present this film at the Vernon Theater, Monday evening, March 9th. A very high class picture is scheduled for the Vernon people on this evening. This, in connection with the movies of the J. C. Penney Company convention insure a fine entertainment.

Moves Family Here.
Dr. R. L. Rhodes, who came to Vernon from Wichita Falls this fall and opened up offices for the practice of his profession, moved his family here last week. They live on Tamparika street.

PIONEER CITIZEN CLAIMED BY DEATH EARLY WEDNESDAY

T. H. Shive Passes Away After Illness of Two Months at Home in Long Beach, Calif.—Will Be Buried Here Sunday Afternoon

T. H. Shive, prominent Vernon citizen for more than 35 years, died at his home in Long Beach, Calif., Wednesday morning, after an illness of two months following a stroke of paralysis. The body is being brought here for burial and will arrive in Vernon tomorrow night, accompanied by members of the family. Burial will take place here Sunday afternoon in East View Cemetery. Services will be conducted at the Presbyterian Church by Rev. E. L. Moore, pastor, assisted by Dr. T. S. Clyce of Sherman, president of Austin College.

Surviving Mr. Shive are his wife, three daughters, Miss Olive Shive and Mrs. Elmer Dial of Long Beach, and Mrs. W. B. McCaleb of Vernon; and one son, Tom, Jr., of Long Beach. In addition to members of the immediate family, Messrs. Dial and McCaleb and Sam Napier, brother of Mrs. Shive, will accompany the remains to Vernon. Mr. McCaleb and Mr. Napier were summoned to Long Beach several weeks ago when it became apparent that Mr. Shive could not survive the illness. Mr. Shive was stricken about December 18, soon after he had returned to Long Beach from Vernon, following a stay of several weeks looking after business matters. He was in apparently good health and the news of his sudden attack came as a shock to local relatives and friends. It was thought early in his illness that it would prove fatal and Vernon people were not unprepared to hear the announcement of death Wednesday.

In addition to hosts of friends from throughout the State who have indicated they will attend the funeral, three brothers of Mrs. Shive, Walter Napier of Dallas, Ernest Napier of Gulfport, Miss., and Coke Napier of Wichita Falls, will be here Sunday. Mrs. Shive has two other brothers living here, J. M. and Joe Napier.

Mr. Shive was a native Texan. He was born in Goliad and was in his sixty-eighth year. He came to Vernon in 1887 and was in the employ of the late T. A. Scurluck who was engaged in the implement business at that time. He later engaged in the implement business himself and thirty years, the major portion of his active years was spent in this business in Vernon. He disposed of this business in 1914 to Napier Bros. to enter the Ford automobile business in which he continued until 1918 when he sold to Napier Bros., the latter having in the meantime disposed of the implement business. He was owner of considerable property here and was a director in the Waggoner National Bank.

Mr. Shive was married to Miss Hattie Napier December 18, 1890. Four children were born to the couple, all of whom are living except one daughter, Annie, who died when quite young.

Perhaps there never lived a man in Vernon who was more universally loved than T. H. Shive. He was a loyal supporter of all movements for the building of the city, liberal almost to a fault and devoted much time and money to furthering the work of the Presbyterian Church, of which he was a devout member. He was a liberal patron of the various enterprises of the Presbyterian church and at various times held positions of trust in church institutions in Texas. He was equally prominent and active as a Mason, being a 32nd degree Scottish Rite Mason, a Knights Templar and a Shriner.

The announcement of his death will be a source of grief to thousands of Vernon and Wilbarger County people, besides scores of friends throughout Texas he had acquired in the course of a long and active career in church, fraternal and business associations. His death marks the passing of a pioneer of this section and one of the most useful citizens Vernon ever had. Mr. Shive had the rare grace of making and holding friends among all groups. There was none of the petty factionalism in his makeup. One with whom he was closely associated during his long residence in Vernon said yesterday that he had never heard Mr. Shive speak ill of any one.

Although he had been compelled to give up his residence here on account of his wife's health, Vernon will mourn him as one of her own sons and honor his memory accordingly.

"Love and Glory" Is Coming Monday to the Pictorium

"Love and Glory," the Rupert Julian-Universal Jewel production coming next Monday and Tuesday, to the Pictorium Theater, presents a distinct novelty in the way of screen entertainment in that its characters live through a fifty year lapse of time.

The three featured characters, portrayed by Charles De Roche, Wallace MacDonald and Madge Bellamy, are introduced in the story as young peasant folk in a French village. In the closing scenes of the film play they appear in the makeup of persons seventy years of age. So real is the transfiguration that it is said to be difficult to believe that the characters are portrayed by the same players. It is a triumph for the actors, as well as for the director.

Pictorially the production is one of the most beautiful of the year. Gilbert Warrenton, credited on the screen with the photography, can take many a bow for his skillful camera work.

Fundamentally it is a war time romance, woven around incidents of the Franco-Prussian war, but there is little of actual war revealed on the screen. One sequence of the picture, however, reflects a desert engagement between Zouaves and Arabs and it is colorful and dramatic.

matic, carrying one of the biggest thrills of the story. Good Old Bill Farnum, as popular an idol as ever "herded" his way across the screen, will be here tomorrow to gladden the hearts of his fans, in a revival of "The Conqueror," produced by William Fox.

"The Conqueror," is Farnum at his best and tells a story of the most exciting period of the history of Texas and the United States. Farnum, as the star, appears as no less a personage than General Sam Houston, whose career is as brilliant and picturesque as any narrative of fiction.

Cough Remedy Mother Gave Us Still Best

Pine Tar and Honey Beat
All Modern Drugs

In thousands of families it has been the custom for many years to keep pine tar and honey always on hand for coughs, chest colds, bronchitis, spasmodic croup, and throat irritations. Our mothers knew that it was good, that it often broke up the worst cough in 24 hours, and that it could be given to young and old alike, as it contains no narcotics or harmful drugs. And now we are told that in spite of modern medical discoveries there is still no better or quicker cough remedy. Doctors say the pine tar quickly loosens and removes the phlegm and congestion that cause the coughing, also healing, soreness, while the honey not only gives a pleasant taste, but helps soothe irritation.

The original compound, made up many years ago and used by millions of people, was Dr. Bell's Pine Tar Honey. This is scientifically composed of just the right proportions of pine tar, honey and other quick-acting, healing ingredients which the best doctors have found to aid in quick relief. If you want the original and the best, be sure you get Dr. Bell's Pine Tar Honey and not other. Only 20c. at any good drugstore.

Charming Singer To Appear in "Flashes of Great White Way"

Nature was liberal when she endowed Vera Burt, the melodious and beautiful songstress, who will be here with Flashes of the Great White Way when that attraction holds forth at the Vernon Theater, Friday, February 27.

Miss Burt prefers to have critics dwell upon her vocal art—and well they may—but men of the press

would indeed be less than human were they not to indite paeans of praise to the wondrous beauty of this titian haired songstress. To the feminine eye Miss Burt's gowns by Poiret are never ending sources of amaze and delight.

Keep the Old Hens Laying

USE A

Queen Incubator

An incubator stands far ahead of the hen for efficiency, simplicity and profits. The incubator and brooder have removed the worry of the "old hen way." You can not afford to fool with the old hen which may hatch off a half dozen chickens or may hatch off none. The Queen incubator never steps on chicks. It never tires of setting just before the chicks hatch off; it never supplies the young chicks with a healthy stock of body lice.

Three weeks for hatching and six weeks caring for her brood is wasted time for the hen. Keep her laying all the time. Use a Queen incubator and brooder—You will find the results very profitable. Let us demonstrate these and give you our low prices.

MR. FERGUSON'S VINDICATION

The opinion rendered by Attorney General Moody, holding that the Legislature is powerless to remove the judgment of the Senate court of impeachment against former Governor Ferguson could hardly prove a surprise to those who have followed the discussions on the subject or have given any study to the provisions of the constitution and the decision of the Supreme Court in holding that Mr. Ferguson was disqualified to hold any office and therefore not entitled to a place on the official ballot.

The Court held that the Senate, when sitting as a court of impeachment, is the sole and final judge of what penalties will be imposed in punishment for misconduct in office. The logical reasoning from that standpoint is that the Legislature is powerless to set aside a judgment once it is formally made by a Senate court of impeachment.

Of course, it is only natural that Governor Ferguson wishes to have his disabilities removed. It is a normal desire that he be restored to full citizenship, and there will be many who have little or no interest in the legal questions involved, who will not quarrel with that natural ambition on his part. He may have had too severe a judgment imposed on him. The Record in common with others did not think so at the time of his impeachment, and so far as the average person can determine no new facts have been developed with reference to the acts for which he was impeached.

It is presumptuous, though, to claim that the election of his wife as Governor was a mandate from the people for the removal of his disabilities. It is safe to say that considerably more than half of those who voted for Mrs. Ferguson were actuated by other motives than a desire to vindicate her husband. There is a modicum of vindication in the election of his wife. But if the question of vindication were submitted to the people of Texas, separated from all other issues, it is extremely doubtful whether the people of Texas would favor it.

CUTTING TEXTBOOK MONEY.

The Legislature has passed a bill reducing by half the amount of money the Textbook Commission will have at its disposal for the purchase of free textbooks. Recalling the controversy over the expenditure of vast sums of school money for new textbooks, for which the need seems to have been at least doubtful, most people will applaud this action on the part of the Legislature.

It is ordinarily not good policy for the Legislature to throw too many restraints upon boards and executives vested with discretionary power. To say the least much harm can be done by the Legislature in creating a board of commission and then going ahead and telling such board or commission just what it may or may not do and just what each dollar of public money

placed at its disposal may be spent for. The governing boards of the University and other State institutions have been greatly hampered in the past because the Legislature has insisted upon itemizing the appropriation bills and then making it unlawful for shifting of funds to be made in order to meet changed conditions in these institutions.

But it would seem that the Textbook Commission has been under no such restraint. It seems also that it has abused its authority more flagrantly than any other branch of the Government. The Commission spent more than a million dollars on new textbooks some time ago, which the State Superintendent declared was wholly unnecessary. That money came out of the school funds and reduced by that much the money available for the operation of the schools. Moreover, the expenditure came at a time when many teachers were unable to get their pay, except by discounting state warrants, and when many schools were being closed because of lack of funds.

It will therefore appear to the average person that cutting down the amount of money available for the purchase of textbooks is a step that will be vastly to the interest of the school children of Texas.

The governing boards of the University and other State institutions have been greatly hampered in the past because the Legislature has insisted upon itemizing the appropriation bills and then making it unlawful for shifting of funds to be made in order to meet changed conditions in these institutions.

But it would seem that the Textbook Commission has been under no such restraint. It seems also that it has abused its authority more flagrantly than any other branch of the Government. The Commission spent more than a million dollars on new textbooks some time ago, which the State Superintendent declared was wholly unnecessary. That money came out of the school funds and reduced by that much the money available for the operation of the schools. Moreover, the expenditure came at a time when many teachers were unable to get their pay, except by discounting state warrants, and when many schools were being closed because of lack of funds.

It will therefore appear to the average person that cutting down the amount of money available for the purchase of textbooks is a step that will be vastly to the interest of the school children of Texas.

New Way to Quickly
Stop Worst Cough

A remarkable new and simple method for treating a cough gives relief with the first doses and usually breaks a severe cough in 24 hours.

The treatment is based on the prescription known as Dr. King's New Discovery for Coughs. You take just one teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing. Without following with water. The prescrip-tion has a double action. It not only soothes and heals soreness and irritation, but it quickly loosens and removes the phlegm and con-gection which are the direct cause of the coughing. People have been astonished how quickly the coughing stopped with this new treat-ment, and the whole cough condi-tion goes in a very short time.

The prescription is for coughs, chest colds, hoarseness, bronchitis, spasmodic croup, etc. It is excellent for children as well as grownups—no harmful drugs. Economical, too, as the dose is only one teaspoonful. At all good druggists. Ask for

NOTICE OF INTENTION TO APPLY FOR SPECIAL LAW.

To all persons whom it may concern:

Notice is hereby given that thirty days after the first publication of this notice, the undersigned will apply to the 39th Legislature of the State of Texas for the passage of a law for the protection of fish in and for the regulation of the catching of fish in, and for the prohibiting of the sale, barter and purchase of fish taken in the waters which are located in the valley of the Big Wichita River from where the lower or Diversion Dam on the Big Wichita River is located, which was built by the Wichita County Water Improvement District No. One, in the Northeast corner of Archer County, Texas, and from said dam and above the same up the valley of said Big Wichita River to the Storage dam on said river built by said Wichita County Water Improvement District No. One in Baylor County, Texas, and up the valley of said river, and from said storage dam as far as the waters by said storage dam are impounded in said river in Baylor County, Texas, or in any waters which are impounded in said river in Archer County, Texas, or in any waters which are impounded in Archer County, Texas, and in any waters which are impounded in Archer County, Texas, by said Diversion Dam, or in any water which is impounded in Baylor County, Texas, by said storage dam, or in any water in Lake Wichita in Archer County, Texas, and in Archer County, Texas, or in any water impounded by the dam across Holiday Creek forming said Lake Wichita in Archer County, Texas, or in any water in the Big Wichita River in Baylor County, Texas, connecting the Big Reservoir, or Lake Kemp, created by said storage dam, with the Diversion Reservoir, or Diversion Lake formed in Baylor and Archer Counties, Texas, by said Diversion Dam, or in any waters in laterals leading off from said canals in Archer County, Texas, Archer County, Texas, Wichita County, Texas, or Wilbarger County, Texas, or in any water in Archer County, Texas, or in Archer County, Texas, in the lateral canal or drainage ditch leading from what is known as the South Side Canal out of said Diversion Lake from a point in said South Side Canal in Section No. 16 of Denton County School Lands, League 1, Wichita County, Texas, to Holiday Creek and thence down Holiday Creek to Lake Wichita in Archer County, Texas.

The law applied for will make it unlawful to barter, sell or offer for barter, or sale or to buy any kind of fish taken from the waters heretofore described; and will prohibit injuring or destroying of fish by the use of dynamite, powder or other explosive or poison; and will prohibit the taking of fish from that water from the last day of February to first day of May, or the taking of fish from those waters by means other than ordinary hook and line, trout line or artificial bait, but will provide the use of minnow seine not more than twenty feet in length and with meshes of not less than one-sixth inch square for the catching of minnows for bait; and will make it unlawful to retain or have in possession any bass, or species of bass, or more than eleven inches in length or more than ten of the same or more than twenty pounds in weight of the same in any one day; or to retain or have in possession crappie, white perch, calico bass or blue gill bream of less than seven inches in length, or to have a total of more than twenty of these fish, or more than twenty pounds of the same in any one day; or to retain or have in possession any species of bass, crappie, white perch, sunfish, calico bass or blue gill bream of an aggregate weight of more than thirty pounds in any one day; and will make it unlawful to fail to return to the waters any of the fish of the above named species under the length limit, or to unnecessarily injure them, or to retain or have in possession any species of trout or char in those waters within six years; or to leave upon the banks of those waters any edible fish to die without intent to eat the same, or to leave any minnows upon said banks to die without intent to use the same for bait; and said law will fix the penalties for the violation of the provisions thereof; and will require the Game, Fish and Oyster Commissioner to appoint deputies to be stationed upon said waters, and require the District Judges of Archer County, Texas, and Wilbarger County, Texas, to charge upon said law to the grand juries of those counties.

THE STATE OF TEXAS To the Sheriff or any Constable of Wilbarger County—Greeting:

You are hereby commanded to summon H. P. Webb by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Wilbarger County, to be held at the Court House thereof, in Vernon, Texas, on the 10th day of March A. D. 1925, to answer a petition filed in said Court on the 10th day of February A. D. 1925, in a suit, numbered on the docket of said Court as No. 2518, wherein Minnie Mae Webb is Plaintiff, and H. P. Webb is Defendant, and said petition alleges Plaintiff alleges residence in State a year and in County six months; and that on or about the 10th day of September A. D. 1914, in Archer County, Texas, she was lawfully married to the defendant; that they continued to live together as husband and wife until on or about the 10th day of January A. D. 1925, when by reason of the cruel, barter and improper conduct of defendant toward Plaintiff, she was forced and compelled to leave him, and since that time they have lived together as husband and wife, and Plaintiff alleges that during the time that he and defendant lived together as husband and wife, he was kind and affectionate to her, and did not neglect her support and maintenance, but defendant unkindly and cruelly neglected her support and maintenance, and she was forced to leave him, and since that time they have lived together as husband and wife, and Plaintiff alleges that The Wonderful, Colorful Styles of These Suits

IT'S the first time in many seasons that fashion has permitted a man to use pretty much of his own taste in colors. And what handsome selections there are.

Lavenders, greys, tans, blues and mixtures—Everything anybody could think of. And the way SOCIETY BRAND and ADLER COLLEGIAN people have tailored the new, soft-draping styles into them certainly makes these suits a tempting buy. Good choosing here for the man who likes to dress particularly well.
